Agreement

Before purchasing from this list, you must understand and agree to the following:

- This offer is NOT A PROMISE of availability, but of probability. If payment has been made on an unavailable item, a refund, not a substitution (unless requested otherwise), will be provided.
- If using a credit card, orders will NOT be charged UNTIL SHIPPING SEASON.
- Shipping will not occur until sometime in September for items in shipping CODE A, mid-October for CODE B, and sometime in November for CODE C.

Bulbmeister.COM guarantees the bulbs to be as described and in the best condition available. Our sources are of the highest caliber. For domestic orders, if, for any reason, you are not satisfied with your purchase, simply return the product(s) postmarked within 7 business days of receipt (USPS PRIORITY ONLY with DELIVERY CONFIRMATION), then your product(s) will be replaced or your money refunded according to the Bulbmeister.COM 110% Guarantee. For international orders, please refer to the International Shipping Agreement (online) for return policy.

Shipping Method and Fees

When shipping season begins, Bulbmeister.COM uses, exclusively, USPS 2-3 Day Priority with Delivery Confirmation to assure you receive your bulbs in the best condition possible. Minimum shipping & handling fee is \$5.95, 20% < \$50, 15% < \$100, 10% < \$250, 5% < \$500, and free for orders of \$500 or more. International shipping IS POSSIBLE but PROHIBITIVE. A phytosanitary certificate is required and will cost you US\$50 in addition to your order. Bulbmeister.COM does NOT ship to all international locations. Also, different shipping fees and methods apply. Please read the International Shipping Agreement (online) for details. This order cannot be combined with other available list orders because of different discount options and shipping schedules.

IMPORTANT NOTE: Shipping and Handling fees apply to a single shipping code. If your order has products falling under more than one shipping code, your order will be subject to an additional shipping fee of \$3.85 (domestic) per additional shipping code. International orders will not be charged additional shipping, but the order will be shipped according to the latest shipping code schedule on the order.

- SHIP CODE A = Items arrive earlier than the main shipment, anticipated to be delivered sometime in September.
- SHIP CODE B = When the bulk of inventory will be available, to begin shipping mid-October.
- SHIP CODE C = To arrive later than the main shipment, delivered sometime in November.

Purchasing from this Flower Bulb Price List is your acknowledgment and agreement to the terms and conditions expressed on this page.

ALLIUM zebdanense (FS) - SHIP CODE B -- Originates from Lebanon and therefore requires a warm and dry position. Produces 3-10 large white flowers in a loose umbel. Leaves slightly shorter than the stem. Ht. 10-16 inches. --- 6/pkg at \$6.45 --- Cat. #041-87

ALLIUM 'Beau Regard' (20/+ cm) - SHIP CODE B -- No DESCRIPTION. --- 1/pkg at \$17.45 --- Cat. #041-88

ALLIUM 'Firmament' (10/+ cm) - SHIP CODE B -- From a cross of *A. atropurpureum* Waldst. et Kit. and *A. christophii* Trautv. It combines the beauty of both parents: deep purple umbels, larger than in *A. atropurpureum*, about 4.75 inches across. The flower is like *A. christophii*, with a silvery-metallic lustre. Foliage linear as in *A. atropurpureum*, erect, dying down late. Ht. 28-32 inches. --- 1/pkg at \$5.45 --- Cat. #041-89

ALLIUM 'Gladiator' (18/20 cm) - SHIP CODE B -- From a cross of *A. aflatunense* hort. with possibly *A. macleanii* Bak. Flowers rose-purple, stem up to 5.5 feet. AGM (1995). --- 1/pkg at \$5.45 --- Cat. #041-90

ALLIUM 'Globemaster' (20/+ cm) - SHIP CODE B -- Magnificent cross of *A. macleanii* Bak. with *A. christophii* Trautv. Flowers aster-violet, umbel about 8 inches wide and very dense. When the first flush of flowers has faded new ones are formed, effectively covering the faded flowers. Leaves glossy green, persisting well. Ht. 32-36 inches. --- 1/pkg at \$7.95 --- Cat. #041-91

ALLIUM 'Globus' (FS) - SHIP CODE B -- From a cross of *A. karataviense* with possibly *A. christophii*. Very attractive hybrid of medium height with large umbels, 5-6 inches across. Ht. 16-20 inches. --- 1/pkg at \$7.95 --- Cat. #041-92

ALLIUM 'His Excellency' (16/18 cm) - SHIP CODE B -- Flowers bluish-purple with the emphasis on blue, compared with 'Lucy Ball' being much more pink. Umbels 5 inches across, very dense, sterile. Leaves glossy, remaining green until well after flowering. Ht. 4 feet. --- 1/pkg at \$5.45 --- Cat. #041-93

ALLIUM 'Lucy Ball' (18/20 cm) - SHIP CODE B -- From a cross of *A. aflatunense* hort. non B. Fedtsch. with possibly *A. macleanii* Bak. Flowers dark lilac-purple. Ht. 40 inches. --- 1/pkg at \$5.95 --- Cat. #041-94

GENUS SP/CULTIVAR (SIZE) -- DESCRIPTION --- QTY/PKG AT (\$) U.S. --- Catalog Number

CROCUS (Autumn) kotschyanus 'Reliance' (FS) - SHIP CODE A -- Flowers reliably without any fuss! Flowers pale- to mid bluish-lilac. Each perianth segment has 2 bright orange blotches near the base, thereby creating a bright orange ring in the center of the flowers. Anthers white. Ht. 3 1/8-4 3/4 inches. Award of Merit Trial Grounds, K.A.V.B. 1999. --- 1/pkg at \$5.45 --- Cat. #041-317

CROCUS (Autumn) kotschyanus ssp. k. 'Albus' (7/+ cm) - SHIP CODE A -- Garden selection with white flowers, including the typical orange blotches. Can revert to the original, lilac form. It does not flower reliably in Holland. Ht. 4-5 inches. --- 3/pkg at \$4.45 --- Cat. #041-318

CROCUS (Autumn) kotschyanus ssp. k. var. leucopharynx syn. *C. karduchorum hort.* (8/+ cm) - SHIP CODE A -- Flowers bluish-lilac with conspicuous darker veins. White zone in the center, lacking yellow blotches. A shy flowerer. Ht. 3 1/8-4 3/4 inches. --- 6/pkg at \$4.45 --- Cat. #041-319

CROCUS (Autumn) kotschyanus ssp. kotschyanus (C. zonatus) (9/10 cm) - SHIP CODE A -- Commercial stock producing fine, large corms, which for 'some obscure reason do not flower when we expect them to! --- 15/pkg at \$7.95 --- Cat. #041-320

CROCUS (Autumn) laevigatus (crete form) (FS) - SHIP CODE A -- A rich wild population with pale to deep lilac flowers, striped and feathered purple on the reverse. Throat ochre. Anthers and pollen white. Fragrant. Ht. 2-3 inches. --- 1/pkg at \$6.95 --- Cat. #041-321

CROCUS (Autumn) laevigatus 'Albus' (FS) - SHIP CODE A -- Garden selection with white flowers. Outside cream, lacking any purple striping. Ht. 2-3 inches. --- 1/pkg at \$13.45 --- Cat. #041-322

CROCUS (Autumn) laevigatus 'Fontenayi' (FS) - SHIP CODE A -- Flowers soft ageratum-violet, densely feathered and striped purple on the exterior. Prefers some protection against icy conditions. Ht. 2-3 inches. --- 3/pkg at \$5.95 --- Cat. #041-323

CROCUS (Autumn) ligusticus (syn. C. medius) (FS) - SHIP CODE A -- Flowers uniform lilac-purple with fine violet lines near the throat. Stigmata brilliant orange red. The leaves develop early in winter. Ht. 2 3/8-4 inches. AGM. --- 6/pkg at \$4.45 --- Cat. #041-324

CROCUS (Autumn) longiflorus (FS) - SHIP CODE A -- Flowers pale lilac with an orange-yellow throat. Stigmata brilliant scarlet. Anthers deep saffron-yellow. Strongly scented. Flowers with the leaves in autumn. Ht. 3-4 inches. --- 1/pkg at \$6.45 --- Cat. #041-325

CROCUS (Autumn) Mixture of autumn-flowering Crocus (FS) - SHIP CODE A -- Mixture of autumn flowering species. --- 15/pkg at \$8.45 --- Cat. #041-326

CROCUS (Autumn) niveus (FS) - SHIP CODE A -- This is the pure white, large flowered clone with bright scarlet stigmata and yellow anthers as described in his "Handbook of Crocus and Colchicum". An excellent hardy clone, very resistant to icy weather, while other stocks often die out in cultivation. Produces large corms. Ht. 2 3/8-3 1/8 inches. --- 1/pkg at \$2.95 --- Cat. #041-327

CROCUS (Autumn) nudiflorus (FS) - SHIP CODE A -- Flowers large, bright purple-violet. The leaves emerge only in spring. Ht. 6-8 inches. --- 3/pkg at \$5.95 --- Cat. #041-328

CROCUS (Autumn) ochroleucus (FS) - SHIP CODE A -- Small white flowers with ochre-orange base and throat. Ht. 1 1/2-2 3/4 inches. --- 6/pkg at \$4.45 --- Cat. #041-329

CROCUS (Autumn) oreoreticus (FS) - SHIP CODE A -- In flower resembling *C. cartwrightianus*, which in nature strictly is a lowland plant. In flower it differs from the latter by a buff or silvery hue on the exterior of the violet flower. Ht. 2 3/8-4 inches. --- 1/pkg at \$13.45 --- Cat. #041-330

CROCUS (Autumn) pallasii (FS) - SHIP CODE A -- This belongs to the saffron group, but is easily distinguished by the point where the style divides into short branches. In *C. pallasii* this is above the level of the base of the anthers. Provided a good summer rest can be given, this is a vigorous, floriferous clone, well worth having. Ht. 3 1/8-4 3/4 inches. --- 1/pkg at \$5.95 --- Cat. #041-331

CROCUS (Autumn) pulchellus (FS) - SHIP CODE A -- This autumn-flowering Crocus is excellent for naturalising, however the abundance of seedlings can become a problem in a collection. Flowers clear pale blue to bright lilac, pencilled with a few faint violet lines. Center rich orange. Perianth tubes creamy-white. Anthers and pollen pure white, filaments densely pubescent. Stigmata orange-yellow. Ht. 3-4 inches. AGM. --- 15/pkg at \$7.45 --- Cat. #041-332

CROCUS (Autumn) pulchellus 'Albus' (FS) - SHIP CODE A -- Pure white forms. Ht. 3-4 inches. --- 1/pkg at \$4.95 --- Cat. #041-333

CROCUS (Spring) chrysanthus 'Elegance' (FS) - SHIP CODE B -- Flowers outside copper-brown (175A) with a sharp lemon-yellow margin (14B). Inner segments with grey-brown basal spots externally. Inside lemon-yellow (13A). Ht. 4-5 inches. Flowers lasting longer than average. --- 6/pkg at \$5.45 --- Cat. #041-385

CROCUS (Spring) chrysanthus 'Fuscotinctus' (FS) - SHIP CODE B -- Exterior of outer segments lemon-yellow (13B), striped and feathered plum-purple (79A-B) over lemon-yellow ground. These stripes continue down the flower tube. Lemon-yellow inside (13B-C), lacking black dots at base of anthers. Ht. 3-4 inches. Flowering little earlier than average. --- 20/pkg at \$5.45 --- Cat. #041-386

CROCUS (Spring) chrysanthus 'Gipsy Girl' (FS) - SHIP CODE B -- Outer perianth segments large, rounded, aureolin (12B) to straw-yellow (13C). Feathered with 5-7 distinct plum-purple (79A) stripes, continuing down the sturdy flower tube. Inside aureolin (12A-B), center deeper yellow. Ht. 4-5 inches. Flowering little earlier than average. --- 15/pkg at \$6.45 --- Cat. #041-387

CROCUS (Spring) chrysanthus 'Goldilocks' (FS) - SHIP CODE B -- Flowers buttercup- yellow. A brownish-purplish blotch at the base reaches more than two thirds up the segments outside. The segments are rather short and appear more rounded. Often flowers appear with more than six segments. Ht. 3-4 inches. early flowering. --- 20/pkg at \$5.45 --- Cat. #041-388

CROCUS (Spring) chrysanthus 'Goldmine' (FS) - SHIP CODE B -- Having semi-double orange-yellow blooms. --- 1/pkg at \$15.95 --- Cat. #041-389

CROCUS (Spring) chrysanthus 'Herald' (FS) - SHIP CODE B -- Outside outer segments 'plum-purple (79B), with narrow aureolin margin (12C-D). Flowers inside aureolin, slightly darker towards the base. Perianth tube light purplish. Ht. 4-5 inches. Early flowering, but rather shortly. --- 6/pkg at \$5.45 --- Cat. #041-390

CROCUS (Spring) chrysanthus 'Jeannine' (FS) - SHIP CODE B -- A lovely free-flowering cultivar. Flowers mimosa-yellow (8D) with bronze perianth tubes. Plum-purple (79B) blotch in the upper half of outer segments, gradually transgressing into the mimosa-yellow margin. Center ochre. Ht. 3-4 inches. --- 15/pkg at \$7.95 --- Cat. #041-391

CROCUS (Spring) chrysanthus 'Ladykiller' (FS) - SHIP CODE B -- Exterior of flowers near plum-purple (79A-B) with a broad, not so clearly demarcated white margin. Interior pale lilac-white. Flower tube plum-purple, striped. Ht. 4-5 inches. Flowering rather shortly, later than average. AGM. --- 6/pkg at \$4.45 --- Cat. #041-392

CROCUS (Spring) chrysanthus 'Miss Vain' (FS) - SHIP CODE B -- Almost all white with pale blue base and orange styles; fragrant. --- 20/pkg at \$5.45 --- Cat. #041-393

CROCUS (Spring) chrysanthus 'Prins Claus' (FS) - SHIP CODE B -- Large white flowers, with translucent markings on inside. Exterior of outer segments with a large plum-purple (79B) blotch, reaching more than 3/4 up the segment, to leave a white edge. Perianth tube sprinkled purple. Ht. 3-4 inches. Inside very lucid (shining). Large jet-black center, without a yellow margin. Pollen violet. Leaves with a greyish hue, finely pubescent. Ht. 12-16 inches. --- 3/pkg at \$6.45 --- Cat. #041-1273

TULIPA kolpakowskiana (6/+ cm) - SHIP CODE B -- A fine clone with bright yellow flowers, carmine-red on the exterior, which has been in cultivation here for several decades. Wild populations however are variable in color, including pure red, orange and yellow forms. Segments 6 x 3/4 inch. Outer bulb tunics very tough, like leather. Ht. 4-8 inches. AGM. --- 6/pkg at \$5.45 --- Cat. #041-1274

TULIPA kurdica (5/+ cm) - SHIP CODE B -- Flowers bright brick-red, center greenish black without any yellow or white. Closely related to both *T. humilis* and *T. orphanidea*, sometimes considered intermediate between these. Ht. 3 1/8-4 3/4 inches. --- 6/pkg at \$5.95 --- Cat. #041-1275

TULIPA lanata (FS) - SHIP CODE B -- It increases by means of long stolons and also by offsets. Flowers dazzling orange-scarlet with jet-black center, bordered yellow. Tepals 12 x 2 3/8 inches. Pollen yellow. Requires a sunny but sheltered position in the garden, since the leaves appear early. Ht. 16-20 inches. --- 1/pkg at \$4.95 --- Cat. #041-1276

TULIPA linifolia (4/5 cm) - SHIP CODE B -- Flowers brilliant vermilion-red, a dazzling color in full sun when the flowers are wide open. Large jet-black center. Tepals to 6 x 1 3/8 inches. Stems sometimes tinged red. Leaves prostrate or nearly so, glaucous with reddish margins, undulated at the edges. Ht. 4-6 inches. AGM. --- 15/pkg at \$7.45 --- Cat. #041-1277

TULIPA marjolettii (7/8 cm) - SHIP CODE B -- Flowers most distinct, soft primrose yellow, border and base soft rosy-red, turning to an all-over deep rosy-red color with age. Flowers late in May. Ht. 16-20 inches. --- 6/pkg at \$5.95 --- Cat. #041-1278

TULIPA mauritiana 'Cindy' (FS) - SHIP CODE B -- Exterior of segments lemon-yellow on primrose-yellow ground. Inside primrose-yellow. Center lemon-yellow with small grey-greenish blotches. On opening the segments have a very narrow scarlet edge, which fades to deep pink and gradually stains most of the flower as flowering progresses. Quite a chameleon! Tepals 5 x 1 inch. Anthers bluish-black. Ht. 12-16 inches. --- 1/pkg at \$4.95 --- Cat. #041-1279

TULIPA maximowiczii (4/5 cm) - SHIP CODE B -- Fiery red. Great for the rock garden. --- 15/pkg at \$6.95 --- Cat. #041-1280

TULIPA montana (FS) - SHIP CODE B -- Flowers large for the length of the stem, brilliant vermilion-red, tepals 1 5/8-2 1/8 inches long, with pointed tips. Center small, blackish-blue. Leaves 3 to 6, glaucous, overlaid with a greyish-blue layer of wax and much undulated. A delightful species for the rock garden and for growing in pans or pots. Ht. 4-6 inches. --- 1/pkg at \$3.45 --- Cat. #041-1281

TULIPA montana 'Yellow Form' (FS) - SHIP CODE B -- No DESCRIPTION. --- 1/pkg at \$3.45 --- Cat. #041-1282
